

PERSISTENT MONITORING

Do you know who you are doing business with?

The ever-evolving landscape of the digital world is instantaneous, constant, and far reaching. It has never been easier for nefarious actors to plot their schemes or for general public to share bias. These effects greatly influence security concerns, as well as effecting thoughts in the court of public opinion.

Persistent Monitoring Services are conducted by seasoned intelligence and security experts within the GRA Maven Fusion Center. All information is ethically gathered through open-source processes protecting the Client from any legal risk. Data is harvested, protected, analyzed and delivered in a customized format.

Areas that we can provide intelligence on include:

- Reputation Awareness
- Threat Awareness
- On-line Monitoring
- Perception Trends
- Personal Mentions
- Vulnerability Assessment
- Risk Awareness
- Sentiment Tracking

Persistent Monitoring Benefits:

- ✓ Information Identified
- ✓ Privacy Preserved
- ✓ Reputation Managed
- ✓ Risk Reduced
- ✓ Exposure Minimized
- ✓ Peace of Mind
